FOCUS ON FOOD

Activity 1

Checklist and inspections

South Baltic
PROGRAMME

So far.....

- The first checklist was established in February 2012
- Distribution of checklist and instructions regarding common inspections March 2012
- Inspections was carried out in May-September 2012

South Baltic
PROGRAMME

Inspections

- 50 inspections in Poland
- 50 inspections in Germany
- 46 inspections in Sweden

- Some partners have also used the checklist during the work exhange activity

South Baltic
PROGRAMME

Feedback

- Compiling of comments from the checklist
- Feedback and comments as well as suggestions for improvements from 5 swedish partners

South Baltic
PROGRAMME

Some comments from Sweden

Every control area is overall complete!

- Every headline should have reference to the specific regulation
- To keep the layout of the checklist for all kind of facilities, all the general points should be rised in the beginnin.
- Better identification/connection between number of specific control points due to futher comments
- No option for registration of result from cleaning and heat holding

South Baltic
PROGRAMME

Uppdated checklist

- Updated checklist will be used for the second session of common inspections
- 150 inspections
- Will be sent out by email
